### 2009 Creative Kids Summer Camp Descriptions

#### THE MAGIC OF ART THROUGHOUT HISTORY

Alma Vega & Amy Webber

Children (ages 6-11)

June 8 - 12, 2009

Experience the magic of art throughout history. Learn to make art as it was done centuries ago. Campers will make their own cave paintings, Italian frescoes, Egyptian gold fans and pre-Columbian style pottery. Each day a new exciting place in history will come alive during the art making experience.

#### BUTTERFLIES, BIRDS & BEASTS! OH MY!!

Tamara Knapp & Maryanne Bona-Huber

Children (ages 6-11)

June 15 - 19, 2009

Beastly friends that fly on recycled newspaper kites, lady bug pie tin nightlights that are punched and tooled, 3D bird sculptures of clay, goggle-eyed flamingo paintings, illustrations in the pen and ink style of Maurice Sedak's "Where the Wild Things Are!" and foam metamorphosed into crawly caterpillars and butterfly stick puppets are some of the projects we will explore.

#### ART GOES GREEN

Alma Vega & Christine Todd

Teens (ages 12-16)

June 15 - 19, 2009

Going GREEN with Art, using recycled plastic to create 3D art. Students will experiment with plastic as a sculptural form through assemblage sculptures. Plastic is a flexible material that can be glued, painted, woven, melted and much more. Students will create beautiful faux glass sculptures in the likeness of artist Dale Chihuly. Students will also create other assemblage sculptures that will include mobiles, weaving and hats. Join us, create and flex your mind!

#### CREATIVE AND GREEN

Heidi Rodeheaver & Lori Burton

Children (ages 6-11)

June 22 - 26, 2009

Reduce, reuse, recycle... How might we use art to promote a healthy environment and a peaceful, sustainable world? This week we will explore how to reuse materials to make amazing art. From printmaking with leaves and jello to bottle sculpted koi. So come on! Lets save the planet and make art!

#### ART IN THE COMMUNITY

Christine Todd & Lori Burton

Teens (ages 12-16)

June 22 - 26, 2009

Explore the connections between art and the community through hands-on graphic design, photography and street art projects. Learn how artists affect their communities and then reach out to our own community through art. We will reuse materials and document our experiences through photography.

#### IN THE NEWS

Christine Todd & Deb Studebaker

Children (ages 6-11)

June 29 - July 3, 2009

EXTRA! EXTRA! Read all about it. This week's classes include making the news, reading the news, using the news and being the news. We are going to create some incredible art using newspaper. We'll learn about and try our hand at the art jobs at a newspaper: cartoonist, photography and layout. We'll be inspired to create from what we read in the news. All to be reported in our very own newspaper published at the end of the week.

#### NATURE'S WAY

Heidi Rodeheaver & Deb Studebaker

Children (ages 6-11)

July 6 - July 10, 2009

Humans have created since they were able to make a mark on a wall or scratch a picture in the dirt. They didn't have fancy art stores in which to buy their supplies. They used what they found around them. This week we will use Nature and be inspired by Nature to create an assortment of fun and beautiful art.

#### THINK VISUALLY

Lori Burton & Marianne Bona-Huber

Teens (ages 12-16)

July 13 - 17, 2009

GRAPHIC DESIGN is all around us. It is a part of our daily lives. From the shoes on your feet, to the games you play on the Wii. This week we will communicate visually. From designing your personal logo, to creating skateboard graphics... Designing will rock your world.

#### SAVE OUR PLANET THROUGH ART

Lori Burton & Marianne Bona-Huber

Children (ages 6-11)

July 13 - 17, 2009

Come join us for a week of discovery! How can we help save our planet and make it a beautiful place to live with awesome art made from recycled materials? Natural resources like clay will be turned into cool pots to grow plants to better our environment. Have you ever painted with vegetables? It makes a delicious picture. What about creating amazing shiny, scaly fish sculptures from bottle caps and embossed copper?

#### VISITING OTHER CULTURES

Alma Vega & Amy Webber

Children (ages 6-11)

July 20 - 24, 2009

Get immersed in the beautiful culture of far away places. Students will make African masks, Japanese Sumi-E paintings and explore the symbolic imagery of Australian aborigines. We will paint with ink and acrylics, build paper mache and assemble our work during this cultural experience.

#### FROM TRASH TO TREASURE!

Tamara Knapp & Heidi Rodeheaver

Children (ages 6-11)

July 27 - 31, 2009

One person's trash is another's treasure! Campers will fashion bowls, sew books and sculptures using the innate artistic properties of everyday objects like magazines, file folders, tin cans, bubble wrap and cereal boxes. As explorers, we will discover the hidden treasures in those things just tossed out!

#### THE CIRCUS COMES TO TOWN!

Deb Studebaker & Maryanne Bona-Huber

Children (ages 6-11)

August 3 - 7, 2009

Come one, come all to the Greatest Show on Earth! In the first ring we have the death-defying "Drawing without an Eraser" (action drawings, clay figures and wire mobiles of acrobats and circus animals). In the second ring we have the ever-hysterical "Clowning Around" (make up, costumes, funny walks and performances). And in the center ring it's the amazing "Think Big-Building" (3D circus props like clown cars from boxes, paper mache and found objects).

**MEDIEVAL MYSTERIES & WILD IMAGININGS!**

Amy Webber & Maryanne Bona-Huber

Children (ages 6-11)

*August 10 - 14, 2009*

Doll house-sized Eccentric Castles and Gloomy Dungeons will capture our imaginations as we explore the use of recycled materials (start to save your small boxes and containers from jewelry, food items, cans, oatmeal, towel rolls!) Magnificent figures of clay, wire and found objects will inhabit these mysterious dioramas. And we may be able to add a clay gargoyle or two as companionable pets! Naturalistic drawings of mysterious unicorns will test our skill. AND a huge paper mache Dragon will need all of the camp participants to make it come alive and dance the DRAGON MAMBO.

## *ACS Creative Kids Summer Camp Registration*

Ages: 6-11 and 12-16    June 8 - August 14, 2009    Monday - Friday 9am - 3pm

ACS members: \$145.00 per week, nonmembers: \$195.00 per week. Fees include all supplies.

Sign up a second child and receive a \$15.00 discount

SCHOLARSHIPS AVAILABLE

Art Center Sarasota cannot provide before or after-care for children.

Children must be dropped off at 9:30am and picked up at 3pm. Children should bring a snack and lunch.
